Subject: survey

Good afternoon ladies,

I am putting together a survey that I'd like to send out to REAMS teachers about the curriculum adoption options. I'd love your input as to what should be asked on the survey. I have my ideas, but you all are "in the trenches" over there and will think of things I won't. Can you send me a short list? I don't want the survey to be prohibitively long, just maybe 5-7 questions that hit the "meat" of the reading adoption issue. I want to get staff input, and then bring that input to the literacy team for review.

Thanks so much!

Subject: RE: survey

Hi Peter,

Here are our suggestions for the survey:

MONDO/Fountas & Pinnell

pros/cons

How would this support your use of guided reading?

How would this help you progress monitor and use formative assessments?

What support do you see needing if we adopt this program?

Houghton Mifflin

pros/cons

How would this support your use of guided reading?

How would this help you progress monitor and use formative assessments?

What support do you see needing if we adopt this program?

McGraw-Hill

pros/cons

How would this support your use of guided reading?

How would this help you progress monitor and use formative assessments?

What support do you see needing if we adopt this program?

Rank your choices- first, second, third

Let us know if you would like our assistance with anything else. :)
