High School Math Intervention

April 14 & April 22
9:40-10:30

Bruce, Cheryl, Amy, and Lloyd need no scheduled supervision on those dates.

We need passes prepared for students for those dates. Jill, if Amy sends you lists, can you facilitate the passes?

From lessons learned with ELA intervention meetings, we also need to have a plan to track down students who do not show up in their classrooms on those days. What process can we use to get these kids there? Any ideas?

Does anyone see any other challenges/roadblocks related to this schedule/plan?

Thanks!
