To Whom It May Concern,

It is a privilege to write a letter of recommendation for Traci Moore. The Rockford Area School District has benefitted from Traci's unique blend of pedagogical knowledge, emotional intelligence, classroom experience, and administrative focus. Traci has worn many hats in Rockford, and she has enhanced the environment of Rockford students and staff within and beyond her immediate presence.

As the point person for our Q-Comp program, Traci is readily available for K-12 teachers and administrators. Her responsiveness is beyond impressive. Several staff members have commented on how helpful Traci has been as a leader of instructional leaders. Her pedagogical knowledge is prodigious, and she is able to share strategies with staff in order to increase student learning. Traci recently approached me with a growth mindset regarding teacher evaluations. We had a robust conversation about the details of our evaluations, the language on the rubric, and the logistics of the pre and post conferences. I look forward to conducting "rounds" with Traci in the near future to increase inter-rater reliability in terms of teacher evaluations.

Traci's most recent leadership endeavor at RHS has benefitted students that have a demonstrated area of growth in reading comprehension. Using a data-driven approach, Traci spearheaded the effort to identify groups of students that require differentiated reading interventions. Once students were identified, Traci worked with RHS staff members to create curriculum and to schedule intervention dates and times. I cannot express how impressed I am with Traci's ability to transition theory to reality.

It is an honor to give Traci Moore my recommendation, without any reservations. Please let me know if you would like any additional information at 763.477.7550, or via email at scheidlerm@rockford.k12.mn.us

My Best,

Matthew J Scheidler, Ed. D.
